New Centralized Website for Agency Issued COVID-19 Alerts

The Agency for Health Care Administration (Agency) has launched a new resource website for Agency issued COVID-19 alerts for facilities and Medicaid providers. The Agency's new COVID-19 alert website ensures providers have all Agency guidance in one centralized location. The website can be accessed through the following link: http://ahca.myflorida.com/covid-19_alerts.shtml

The Agency is working closely with the Florida Department of Health (DOH), health care providers, and stakeholders on COVID-19 prevention and response efforts, ensuring facilities across Florida are taking every precaution to ensure the health and safety of patients, residents and health care staff. The Agency is in constant communication with health care providers to share key guidance from the Centers for Disease Control and Prevention (CDC) and DOH on the importance of restricting visitors, infection control protocols, and hygiene best practices.

This website is an additional resource for facilities and Medicaid providers to quickly find critical information.
