

Variable copay™

We are pleased to announce that your prescription benefits will be managed by  **southernscripts**, a new kind of pharmacy benefit manager. With the transition to Southern Scripts, your employer has added an additional benefit to your prescription coverage: The Variable Copay™ Program. The Variable Copay™ Program is designed to combat the rising cost on high cost medications. The Variable Copay™ Program uses coupons provided by the manufacturer to greatly reduce costs for eligible medications. Certain medications including Humira, Enbrel, and Prolia are eligible for savings. Your copay may be drastically reduced at  preferred pharmacies & our  network for variable copay medications. Listed below are a few of the most common variable copay medications that qualify for savings:

Eliquis

Cosentyx

Zepatier

Simponi

Stelara

Xeljanz

Otezla

Over 2000
Medications Qualify for Savings.

Your medication(s) may be eligible for variable copay savings. Please contact a CRx Customer Care Associate at 1.800.710.9341 or visit: www.southernscripts.net/members.php

Check out our App

The  Preferred Pharmacy will provide free and automated shipping and refills for your variable copay medications. We hope to help you get the most out of your pharmacy benefits and reduce your prescription costs.

Service variations & limitations may apply for participating pharmacies in the variable copay network.
