SUBJECT: CCP MMA INTERIM BILLING FOR INPATIENT HOSPITAL SERVICES

Please be advised that effective February 1, 2021, Community Care Plan (CCP) will allow a process for submission of interim billing for inpatient hospital stays that exceed one hundred (100) consecutive days. The following is a guideline for submission of interim bills.

CCP MMA Interim Billing for Inpatient Hospital Services

Claim Submission Process:

1. The Facility sends inpatient claim to CCP with the interim billing type of bill (0112) (First Claim) and a service date span that has exceeded 100 days.
2. CCP will pay the claim at the appropriate APR-DRG rate;
3. CCP will send the encounter claim to the fiscal agent as an original claim;
4. Upon patient discharge, facility sends a replacement claim with the updated date span, charges, and any additional diagnoses or services provided, using type of bill (0117) (Replacement Claim).
5. When the facility submits a subsequent interim bill, they must include the original CCP claim ID (ICN) located on the original remittance advice.
6. CCP will reprice the APR-DRG using the new replacement claim and if there is an additional reimbursement amount, pay the provider the additional reimbursement.
7. CCP will send the encounter claim to the fiscal agent as a replacement claim with reference to the original ICN.
