

## SMMC Managed Medical Assistance Provider Notice

### Transition with Continuity of Care

Community Care Plan (CCP) is proud to continue serving as a provider partner for the Statewide Medicaid Managed Care (SMMC) for the next six years! CCP is excited to announce that, as of February 1, we are serving SMMC Medicaid populations across five (5) Medicaid regions.

### Implementation Information

CCP is committed to ensuring a seamless transition with zero disruption in services. To support this, CCP offers members a 90-day continuity of care (COC) period, ensuring that ongoing treatments, services, and routine appointments continue without interruption.

#### CCP requests providers:

- Continue providing services to patients enrolled with CCP for MMA services beginning February 1, 2025, even if you are not an in-network provider
- Submit claims to CCP for services provided
- Join our CCP Network
  - **Complete our online form:** [Become a Provider](#)
  - **Provider Operations:** 1-855-819-9506
  - **Email:** [CCP.Provider@ccpcares.org](mailto:CCP.Provider@ccpcares.org)

### Billing Information

Providers can submit claims electronically through Availity.
