

Provider Notice

To: MMA Providers
Subject: Change in Coverage for Non-Emergency Dental Services in ASC and Outpatient Hospital Settings – Effective October 1, 2025
Notice Date: October 22, 2025

Dear Provider,

Community Care Plan (CCP) would like to inform providers of an upcoming change regarding Ambulatory Surgical Center (ASC) Services

Non-Emergency Dental Services in ASC and Outpatient Hospital Settings (Effective October 1, 2025)

Beginning October 1, 2025, payment responsibility for non-emergency outpatient dental anesthesiology and sedation services performed in Ambulatory Surgical Centers (ASC) or outpatient hospital settings will transition from Medicaid dental plans to Medicaid health plans.

Dental plans will continue to cover these services when provided in an office setting, in addition to in-office covered treatments. Both health and dental plans must ensure continuity of care for at least 60 days following the transition.

For additional details, please refer to the [CCP Provider Manual](#).

Provider Training Available

A provider training on this change will be available on our website at ccpcares.org under Provider Academy. The training will be available from October 2, 2025 through December 3, 2025.

If you need further assistance, please contact the Provider Operations Hotline at 1-855-819-9506.
