

# In-network advantages for **Community Care Plan** patients

Quest Diagnostics is a **Preferred provider** for **Community Care Plan**.

## Benefits for your practice

- **Prompt service** from our testing facilities in Miramar, FL, Tampa, FL, and our rapid response lab for all of your testing needs.
- A leading portfolio of **over 3,500 tests**, including genetic and molecular testing, to help address the testing needs of your patients.
- **Professional consultation** from more than 650 staff MDs, PhDs, and genetic counselors to assist with test selection and interpretation of results.
- **Quantum™ IT solutions** enable practice efficiency and financial balance so you can focus on patient care.
- **EHR integration** with most electronic health records to ensure lab results are seamlessly added to a patient's health record.
- Access to our specialized labs, **AmeriPath** and **Dermpath Diagnostics**, for expertise in cancer testing and diagnoses.

## Convenient testing locations for patients

- **283 Patient Service Centers** in Florida including 29 convenient in-store locations at Walmart.
- **Online appointment scheduling** helps get patients in and out faster: [QuestDiagnostics.com/appointments](https://QuestDiagnostics.com/appointments).
- **Walk-ins welcome**, with any wait times prominently displayed on a large monitor.

## More resources to improve patient care

- **Lab results** delivered directly to your patients' mobile device, tablet, or computer through MyQuest™.
- **Out-of-pocket costs are lower** in many cases when patients choose Quest as their in-network provider.

**Call 1.866.MYQUEST (1.866.697.8378)** to quickly set up your practice.

Let us help you improve patient health with diagnostic insights and provide in-network savings to your patients. For more information, visit [QuestDiagnostics.com/physician](https://QuestDiagnostics.com/physician).
